BIG SHOW TONIGHT

"Hawaiian Nights" a Wall Kromer and High-Clean Theatre Act Resonance to be at Chester High School Auditorium Tonight.

Fortunately for Chester those who enjoy a good show and who are fond of Hawaiian music and dancing, and that includes almost every one, the three act romance "Hawaiian Nights," will be shown at the Chester High school auditorium tonight.

On account of a mix in the management of the play and the fact that the play is a double bill a large crowd will be present. This is the same play as has been playing the large cities and the first of this week played in Columbia. Last night they were chosen by a large audience in the city and it is stated that it is a better show than "Bird of Paradise," which was in Chester a few years ago and was not enjoyed by a large audience.

The lady who played the leading role in "Bird of Paradise," and who was well received in Chester, also plays the leading role in "Hawaiian Nights," and this is in itself a guarantee of a first class performance.

The seats are on sale at The Chester Drug Co. at 50 cents, \$1.00 and \$1.50.

AGED LADY PASSES

Rock Hill, Dec. 16.—Mrs. Martha Louise Steele Craig, 71, died at 11 o'clock this morning at the home of her son, Rufus Craig of the Mt. Holly section, as a result of injuries received in a fall several weeks ago.

Funeral services will be conducted at 3 o'clock Thursday afternoon at Mt. Holly Methodist church by the Rev. T. L. Bryan, pastor, and interment will be in the cemetery.

In addition to her husband, Mrs. Steele is survived by four sons, R. M. Craig and Rufus Craig of Mt. Holly; E. Craig of Edgemoor and M. Craig of Rock Hill; four daughters, Mrs. J. P. Parham of Ogden, Mrs. C. C. Westbrook, Mrs. B. L. Willford and Mrs. S. H. Shillinglaw of Mt. Holly; two brothers, Archie Steele of Great Falls, John Steele of Salisbury, N. C. and 26 grandchildren.

Mrs. Craig was born December 8, 1854, the daughter of Mr. and Mrs. James Steele. She was married to John Barber Craig in January, 1878. She was perhaps among the best loved women of her community and a loyal worker in church and social life.

Library To Be Open in Evenings

It is a matter of deep satisfaction in the Board of Education, the Chester Free Library that a request to keep the Library open at night has come from the young business folk of the town. The fine spirit of the Board has found an answering spirit in the community, and the Board has agreed to have offered their services in this new undertaking. They are yet in need of two more volunteers. Are there not two friends of the Library who will answer this call? If so, please notify Mrs. T. S. Estlin, chairman. There are to be found upon our reading tables twenty popular magazines, a number of newspapers, besides 5,000 volumes on our book shelves. The Board is pleased to announce that, beginning Friday night, December 18th, the Library will be open at a Community Reading Room every evening from seven to nine o'clock.

Hamilton Henry Miller, Publicity Chairman.

DISTINGUISHED VISITOR

Anthony H. G. Fokker, distinguished aviator, inventor and manufacturer, unexpected Chester Visitor—Passed on Land at Woodward.

Chester received quite an unexpected visit from Mr. Anthony H. G. Fokker, international known aviator and distinguished inventor and manufacturer last Tuesday night.

Mr. Fokker was driving the F-7, Fiat Fokker commercial flying machine from New York to Florida and Tuesday afternoon lost his bearings in the "fog," a heavy fog, which forced his landing near Woodward. Mr. Fokker and a companion came to Chester via automobile and spent the night at one of the local hotels. The machine owned and driven by Mr. Fokker is a ten passenger affair, also carrying 700 pounds of baggage and enough gasoline for five hours' flight. The machine has a capacity of 115 miles an hour and equipped with brakes. The plane is also equipped so that it will "go" into a nose dive or tail spin.

Mr. Fokker is a native of Holland and is now in America with the view of getting up a commercial airplane line from New York to Florida. Parties interest in the inauguration of the line were also passengers on the plane, among them being Mr. and Mrs. J. A. Hamilton, of Baltimore, Md.

Dave Coleman, youth of about thirteen, who is well known to Chester, and who is now living at Woodward, assisted Mr. Fokker

and companions in getting to Chester and Wednesday afternoon when the plane left Woodward. Mr. Fokker took the lead in the plane with him to Columbia.

ROSSVILLE NEWS.

Patrons, teachers and pupils of Rossville School spent a very pleasant time together on Wednesday afternoon, November 16.

The pupils gave a program in which was combined the celebration of Armistice Day and Thanksgiving Day. As Mrs. H. A. Stevenson, who presided over the meeting in her usual gracious manner, said, these two days are linked together not merely by the closeness of their dates, but also by their significance.

Armistice day adds another to the many blessings for which we have cause to be thankful. The children were rewarded for their efforts by words of commendation from their teachers. One number on the program to receive special praise was a dramatization of the poem, "In Flanders Field," given by pupils of the fifth, sixth and seventh grades.

Special thanks are due Mrs. Harold Dye, whose music added much to the success of the program. We were very fortunate in having with us Mr. J. E. Nunner, assistant superintendent of education, and Mr. Z. V. Davidson of Chester. Mr. Davidson is an entertaining speaker and achieved the difficult feat of getting and holding the attention of an audience composed of both adults and children. We extend to him a most cordial invitation to visit us again.

This was Mr. Nunner's first speech at our school, but we hope it is the forerunner of more. By his earnest, forceful talk he inspired us with some of his own enthusiasm for placing Chester County at the top in educational progress.

Whales swim by moving their tail fins up and down, and they are able to swim so rapidly with so little apparent exertion because of the ideal propeller construction of their tails.

The Turkish headgear of yesterday is being made into foot warmers of today. The Red Cross, corresponding to our Red Cross, is collecting discarded fozes and having them made into bid slippers.

Community interest and self-interest don't necessarily have to be separate.

The reason groutches are not popular is the supply exceeds the demand.

Passing a tax bill is going to tax the vocabulary of many congressmen.

Necessity is the mother of invention and it also produces a large crop of "white lies."

The bad man never forgets to be bad, but the good man sometimes forgets to be good.

A man's standard can't be judged by his stage in life by the part that he plays on it.

It is estimated that fifty million people will stumble over toys on the floor Christmas.

The best cure for the people who think the young generation is "going to the dogs" is to recall their youthful experiences.

This is the time of year when the young man wishes he hadn't called often enough to be regarded as a "stetdy."

Many a man who is short on gray matter is long on covering up the fact by keeping his mouth shut.

THE CHRISTMAS SPIRIT

This is the season of the year when our hearts and minds naturally turn to those who are near and dear to us, with an affection that apparently is greater than at any other period of the year.

It is a time when our love and sympathy for little children are enlarged; when we feel like we want to do something for every person, great or small, young or old; when our natural impulses are to know a girl on every one and to have good cheer and happiness to the whole world.

This is the Christmas spirit at work in your heart. It is the subconscious love of the heart that is manifested in our wish to give to our friends and associates some token as an expression of our esteem and affection.

Love is indeed a most wonderful and powerful force. It blinds us to home, to duty, and to the principles of truth and righteousness. It is the bond that holds society together.

Love is an innate part of every human being and it manifests itself in many ways. It is smothered; in others it develops into a fine flower that finds expression in their daily lives.

It exists always, but never is so fully expressed as at the happy Christmas season. Then we call it the Christmas spirit, which is a synonym for kind words, good deeds and wholesome thoughts.

We complain that the Christmas spirit is manifested only a short time in the year that it should always be uppermost in our lives. It is ever present but the opportunity to show it is presented once a year—then every human being with a spark of love left rekindles the fires of affection for all kind dear, and the Christmas spirit is again at work making hearts light and cheerful.

Watching The Other Fellow

Great Britain, with her eye on us, is blind to her own failings. While pretending to be horrified at sensational reports of drinking, particularly by young men and women, in America, the British have never thought that their own doings might be littered by with moral degeneracy.

This, at least, is the testimony of an American correspondent writing from London to newspapers in the United States.

Christmas Eve drinkfulness in England and Wales increased 24 per cent in 1923. This is something that will have to be explained by the people who argue that prohibition increases drinking.

The attitude of Great Britain toward America and her adventures in temperance legislation, is very similar to that of some people who are so industrious in searching for the faults of their neighbors that they never recognize their own and try to correct them.

All of us can be of greater service in the world by first meeting our own obligations, and then if occasion comes for reaching out the other fellow, it can be done with clean hands.

WHAT OTHER PAPERS SAY

AND I DON'T MEAN MAYBE

Did you ever hear a minister use a slang phrase as a text? We did the other night over the radio. "And I don't mean maybe." That was the unknown and outstanding thread which ran through the entire discourse.

"And I don't mean maybe,"

Christ this and Christ that, "And I don't mean maybe." Paul this and Paul that, "And I don't mean maybe." The church this and the church that, "And I don't mean maybe." Every point was driven home by every argument was topped with it. Every climax was capped with it—"And I don't mean maybe."

The vacation took. Before that minister was 15 minutes into his sermon, radio listeners all over the United States and Canada were saying to each other, "And I don't mean maybe." Hundreds of thousands of people got that expression, and that only, and got that thought, and only, out of that dissertation that Sunday night. And if that were the purpose of the homily—all right. The vacation took.

If the organist had played, "Yes sir that's my baby. No, sir, don't mean maybe" as a recession.

If the organist had played, "Yes sir that's my baby. No, sir, don't mean maybe" as a recession.

The vacation took. Before that minister was 15 minutes into his sermon, radio listeners all over the United States and Canada were saying to each other, "And I don't mean maybe." Hundreds of thousands of people got that expression, and that only, and got that thought, and only, out of that dissertation that Sunday night. And if that were the purpose of the homily—all right. The vacation took.

that they fired into with fatal results. In our view, any bootlegger as we run rummers is a potential killer. Perhaps not with a pistol, but with the stuff he sells, and if the stuff he sells does kill, it is in small concern to him. He can pass it off with a shrug of his shoulder or otherwise. But after as we have remarked before, it is "Mr. Good Citizen" who is responsible in the Cityburn case. —Yorkville Enquirer.
